STATEWIDE CONTRACT HISTORY

The following summarizes actions related to this Notification of Statewide Contract since its initial issuance. Any and all revisions have been incorporated into the attached document.

Contract Period	Issue Date	Summary of Changes
8/20/03 – 8/19/04	08/28/03	Renewal
8/20/02 – 8/19/03	10/17/02	Changed the buyer for this contract.
8/20/02 – 8/19/03	04/28/02	Renewal
8/20/01 – 8/19/02	01/30/02	Changed assigned buyer and add contract period information.
8/20/01 – 8/19/02	8/20/01	Initial issuance of new statewide contract.

If your state agency encounters any problems regarding quality or timeliness of service, please send your complaint, in writing, to the Recycling Coordinator as stated on page one.

The Division of Purchasing and Materials Management has awarded Contracts C302010001-003 in accordance with the following requirements:

1.1 General Requirements:

- 1.1.1 The contractor shall provide document shredding and records disposal services for the State Office Recycling Program, Office of Administration, Division of Purchasing and Materials Management, State Office Recycling Coordinator (hereinafter referred to as the “*state agency*”), in accordance with the provisions and requirements stated herein.
 - a. The contractor shall shred and dispose of mixed office paper which shall include, but not necessarily be limited to, any or all of those items listed on Attachment 1. For purposes of this document, the term “*records*” shall be used to define those items to be shredded.
- 1.1.2 The contractor shall perform shredding and records disposal services for those counties stated in the Notice of Award section of the contract.
- 1.1.3 The contractor shall perform all services during normal State of Missouri office hours which are typically 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding Official State Holidays. A list of 2001 State Holidays can be obtained from the following Internet website: <http://www.state.mo.us/mo/moholidays.htm>
- 1.1.4 The contractor shall perform all services to the sole satisfaction of the state agency as specified herein. The contractor shall understand that the state agency or designee shall, at any time throughout the contract, accompany the contractor during any collection, hauling, weighing, or shredding process being conducted by the contractor. The contractor shall not restrict or in any way limit the state agency’s right or ability to oversee any and all services provided by the contractor.
- 1.1.5 The contractor shall agree and understand that every State of Missouri office/building in each county shall be given the opportunity to participate in the contract. However, such participation is optional. Therefore, the contract shall not be construed as an exclusive arrangement and further agrees that any State of Missouri office/building may secure identical and/or similar services from other sources at anytime in conjunction with or in replacement of the contractor’s service.

1.2 Performance Requirements:

- 1.2.1 The contractor shall perform shredding services on-site at each applicable state agency facility on an as needed, if needed basis or on a regular scheduled basis at mutually agreed upon between the contractor and each applicable state agency.
 - a. The contractor shall provide shredding and records disposal services at a **minimum of 500 pounds** of records at each applicable state agency facility.
- 1.2.2 The contractor shall begin providing services by no later than five (5) working days after a request for service is made, or by the date as mutually agreed upon between the state agency and the contractor. State agencies shall request services by telephone, fax, or other method as agreed upon between the contractor and each state agency.
- 1.2.3 The contractor shall collect all records from an identified location, weigh all records using a certified scale, destroy completely, and provide the state agency with a Certificate of Destruction and weigh ticket. At a minimum, the Certificate of Destruction must include the name and/or address of the state agency facility, date of service, description and weight of records destroyed, service representative name, and truck number.

- a. The contractor shall shred all records to a maximum size of no greater than particles one inch or smaller.
 - b. The contractor shall clean up the immediate shredding area and ensure that all loose material particles are collected and removed each time shredding services are performed.
- 1.2.4 In most cases, records to be shredded will be in boxes in a locked storage area at the state agency facility. Therefore the contractor, with accompaniment by a state agency designee, shall transport the records on carts or other method from each storage area to the contractor's truck on-site. The contractor shall load and unload all records without assistance from state agency personnel.
- a. The contractor shall handle and transport all records in covered containers to insure that no record is lost or mislaid enroute.
 - b. If requested, the contractor shall remove and/or dispose of all cardboard boxes that were used to contain the records destroyed. The contractor is encouraged to reuse or recycle all cardboard boxes.
- 1.2.5 The contractor shall understand and agree that the State of Missouri requires flexibility in the arrangements and methods for the collection of records on a building-to-building and case-by-case basis. The contractor shall coordinate and work in good faith with each state agency and designee in seeking and obtaining the arrangements and methods of collection.
- 1.2.6 If requested, the contractor shall supply locked security containers for the collection of records in the size(s) and quantity specified by each applicable state agency utilizing the contract. The contractor shall provide all containers free of charge.
- a. Each container shall have a drop-slot and a key-locked dead bolt. The contractor shall place each container in the location requested by the state agency, provided that placement is in accordance with applicable fire codes.
 - b. The contractor shall clearly mark containers for their intended use.
 - c. The contractor shall not limit the number of containers at any particular site, however, if containers are requested, the state agency estimates that approximately one (1), 40-45 gallon, or estimated size of 36"x 20"x 19.5", container may be required for every 25-30 employees. The state agency designee shall notify the contractor if it is determined that different sizes or additional containers are required. The contractor shall coordinate and work in good faith with each state agency and designee in determining the number of containers required.
 - d. The contractor shall retain ownership of the containers. The contractor shall agree that the State of Missouri shall not be responsible for any liability incurred by the contractor or the contractor's employees arising out of the possession, use, maintenance, delivery, return, and/or collection from the containers provided by the contractor
- 1.2.7 Confidentiality - Based on the confidential nature of some of the records, the contractor shall maintain the confidentiality of such records until destruction. The contractor and the contractor's personnel shall be prohibited from reading or copying any confidential material at any time. Therefore, as the need for confidentiality dictates, the contractor shall agree and understand that either of the following may be required, however the determination of what is required shall rest solely on the state agency designee.
- a. The state agency designee shall witness the destruction of the confidential records.

- b. The contractor shall submit a letter to the applicable state agency office guaranteeing that the confidentiality of all such records were maintained from the time of collection until the records were destroyed and that none of the records were read or copied by the contractor or contractor's personnel prior to such destruction.
- 1.2.8 The contractor's personnel assigned to perform services under the contract must, at all times, wear a Photo ID Badge and uniform which reflects the contractor's company name. In addition, the contractor's personnel shall sign in and out on a log provided by each state agency.
 - a. The contractor shall sign a signature log each time services are required to attest that all misprint and confidential records have been shredded. The signature log should have the date, time and location when shredding was completed and must also be countersigned by the state agency designee. The signature log must be maintained at each participating state agency and made available for federal/state audit purposes.
- 1.2.9 The contractor's personnel designated to work with confidential records shall be required to undergo a security background check and sign a statement of confidentiality guaranteeing non-disclosure of information. The confidentiality statement shall be designed, implemented, and maintained by the contractor.
- 1.2.10 If requested, the contractor shall replace any personnel with whom the state agency is not satisfied.

1.3 Recycling Requirements:

- 1.3.1 The contractor shall recycle those shredded records that are recyclable and must submit a quarterly report of all shredding services performed.
 - a. The contractor shall submit the quarterly report to the state agency Recycling Coordinator at the following address:

Office of Administration
Division of Purchasing and Materials Management
Attn: Recycling Coordinator
P.O. Box 809
Jefferson City, MO 65102
 - b. The quarterly report must be submitted by no later than the 15th of the month following the quarterly period and must document the actual number of pounds of records shred at each State of Missouri office building each day and the actual number of pounds of all shredded records recycled during the quarterly period.
- 1.3.2 **As an incentive for the contractor to lower prices, the contractor may keep all funds received from the sale of recyclable records stated herein.**

1.4 Other Requirements:

- 1.4.1 The contractor shall furnish all material, labor, vehicles, equipment, and supplies necessary to perform the services required herein.
- 1.4.2 Liquidated Damages: The contractor is hereby informed and shall further understand and agree that liquidated damages shall be assessed for each day the contractor is late in providing shredding services if such lateness causes the state agency to incur additional records storage costs. The determination of such lateness shall rest solely on each state agency. Since the amount of actual damages would be difficult to establish, the contractor

shall understand and agree that \$15.00 per day as liquidated damages shall be reasonable and fair under the circumstances.

- a. Liquidated damages shall be compounded for each day past the scheduled date or for each day after five (5) days from the request for service, until services are provided, unless the reason for the delay is due to “causes beyond the contractor’s control”.
 - 1) Such causes beyond the contractor’s control may include, however are not restricted to: acts of God, fires, floods, epidemics, quarantine restrictions, strikes, and embargoes. In all cases, the failure to perform must be beyond the control of, and without the fault or negligence of, either the contractor or any subcontractor(s). The applicable state agency shall make the decision as to what constitutes a “cause beyond the contractor’s control”. The decision shall be final and without recourse. The contractor shall take all possible steps to recover from any such occurrences and shall contact the state agency to reschedule services.
- b. The contractor shall agree and understand that the liquidated damages shall either be deducted from the total amount due the contractor for services provided or paid by the contractor as a direct payment to the state agency. The decision as to how liquidated damages are collected shall be made by the state agency, and the state agency’s decision shall be final and without recourse.

1.5 Invoicing and Payment Requirements:

- 1.5.1 The contractor shall submit a monthly invoice by no later than the 15th day of the following month to each participating state agency for which services were provided during the month.
 - a. Each invoice shall be itemized by date of service, number of pounds of records shred at the applicable firm, fixed price per pound, applicable per trip charge, and the total invoice amount.
- 1.5.2 Upon receipt of a properly prepared invoice, the contractor shall be paid by each participating state agency in accordance with the applicable price per pound and price per trip as stated on the Pricing Page.
- 1.5.3 Other than the payments specified above, no other payments or reimbursements shall be made to the contractor.

1.6 Other Contractual Requirements:

- 1.6.1 Contract Period: The original contract period shall be as stated in the Invitation for Bid (IFB). The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period. The Division of Purchasing and Materials Management shall have the right, at its sole option, to renew the contract for two (2) additional one-year periods, or any portion thereof. In the event the Division of Purchasing and Materials Management exercises such right, all terms and conditions, requirements and specifications of the contract shall remain the same and apply during the renewal period, pursuant to applicable option clauses of this document.
 - a. Renewal Periods - If the option for renewal is exercised by the Division of Purchasing and Materials Management, the contractor shall agree that the prices stated in the original contract shall not be increased in excess of the maximum price for the applicable renewal period stated on the Pricing Page of the contract.
 - 1) If renewal prices are not provided then prices during renewal periods shall be the same as during the original contract period.

- 2) The Division of Purchasing and Materials Management does not automatically exercise its option for renewal based upon the maximum price and reserves the right to offer or to request renewal of the contract at a price less than the maximum price stated.
- 1.6.2 Termination: The Division of Purchasing and Materials Management reserves the right to terminate the contract at any time, for the convenience of the State of Missouri, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive just and equitable compensation for services and/or supplies delivered to and accepted by the State of Missouri pursuant to the contract prior to the effective date of termination.
- 1.6.3 Contractor Liability: The contractor shall be responsible for any and all injury or damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition to the liability imposed upon the contractor on account of personal injury, bodily injury (including death), or property damage suffered as a result of the contractor's negligence, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.
 - a. However, the contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.
- 1.6.4 Insurance: The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract.
- 1.6.5 Contractor Status: The contractor represents himself or herself to be an independent contractor offering such services to the general public and shall not represent himself/herself or his/her employees to be an employee of the State of Missouri. Therefore, the contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the State of Missouri, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters.
- 1.6.6 Substitution of Personnel: The contractor agrees and understands that the State of Missouri's agreement to the contract is predicated in part on the utilization of the specific individual(s) identified in the bid. Therefore, the contractor agrees that no substitution of such specific individual(s) and/or personnel qualifications shall be made without the prior written approval of the state agency. The contractor further agrees that any substitution made pursuant to this paragraph must be equal or better than originally proposed and that the state agency's approval of a substitution shall not be construed as an acceptance of the substitution's performance potential. The State of Missouri agrees that an approval of a substitution will not be unreasonably withheld.
- 1.6.7 Subcontractors: Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the State of Missouri and to ensure that the State of Missouri is indemnified, saved, and

held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the State of Missouri and the contractor. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein. The contractor must obtain the approval of the State of Missouri prior to establishing any new subcontracting arrangements and before changing any subcontractors.

- 1.6.8 Coordination: The contractor shall fully coordinate all contract activities with those activities of the state agency. As the work of the contractor progresses, advice and information on matters covered by the contract shall be made available by the contractor to the state agency or the Division of Purchasing and Materials Management throughout the effective period of the contract.
- 1.6.9 Property of State: All reports, documentation, and material developed or acquired by the contractor as a direct requirement specified in the contract shall become the property of the State of Missouri. The contractor shall agree and understand that all discussions with the contractor and all information gained by the contractor as a result of the contractor's performance under the contract shall be confidential and that no reports, documentation, or material prepared as required by the contract shall be released to the public without the prior written consent of the state agency.
- 1.6.10 Confidentiality: Due to the sensitivity of the records being shredded, the contractor shall not disclose any information obtained from the records in the event the contractor observes any such records during the course of pick up and shredding. Furthermore, to the extent the contractor may have access to any report, tax return or other information received by a state agency in connection with the administration of the tax laws of the State, the contractor specifically shall comply with the Missouri Revised Statutes, Section 32.057. Any person making unlawful disclosure of information in violation of such section shall, upon conviction, be guilty of a class D felony.
- 1.6.11 Commercial Drivers License: The contractor and the contractor's drivers who, in the provision of services under the contract: (1) operate a vehicle over 26,000 pounds, (2) haul hazardous material, (3) transport more than 15 passengers, or (4) engage in any other activity outlined in the Uniform Commercial Drivers License Act, must comply with the requirements in the Uniform Commercial Drivers License Act. The contractor must submit proof or verification of compliance with such Act to the state agency no later than 30 calendar days after award of the contract.
- 1.6.12 Cooperative Procurement Program: If the contractor has indicated agreement on the Pricing Page with participation in the Cooperative Procurement Program, the contractor shall provide shredding and records disposal services as described herein under the terms and conditions, requirements and specifications of the contract, including prices, to other government entities in accordance with the Technical Services Act (67.360 RSMo) available on the internet at: <http://www.moga.state.mo.us/statutes/c000-099/0670360.htm>. The contractor shall further understand and agree that participation by other governmental entities is discretionary on the part of that governmental entity and the State of Missouri bears no financial responsibility for any payments due the contractor by such governmental entities.
- 1.6.13 Transition: Upon award of the contract, the contractor shall work with the state agency and any other organizations designated by the state agency to insure an orderly transition of services and responsibilities under the contract and to insure the continuity of those services required by the state agency.
 - a. Upon expiration, termination, or cancellation of the contract, the contractor shall assist the state agency to insure an orderly transfer of responsibility and/or the continuity of those services required under the

terms of the contract to an organization designated by the state agency, if requested in writing. The contractor shall provide and/or perform any or all of the following responsibilities:

- 1) The contractor shall deliver, FOB destination, all records, documentation, reports, data, recommendations, master, or printing elements, etc., which were required to be produced under the terms of the contract to the state agency and/or to the state agency's designee within seven (7) days after receipt of the written request.
- 2) The contractor shall agree to continue providing any part or all of the services in accordance with the terms and conditions, requirements and specification of the contract for a period not to exceed thirty (30) calendar days after the expiration, termination or cancellation date of the contract for a price not to exceed those prices set forth in the contract.
- 3) The contractor shall discontinue providing service or accepting new assignments under the terms of the contract, on the date specified by the state agency, in order to insure the completion of such service prior to the expiration of the contract.
